

Mayor To Call Special Council Session

Sewer Repair Job And April 4 Precinct Lines To Be On Agenda

Mayor Davis said today he will call a special session of the Granite City council for 7 p.m. next Tuesday to award a contract for repairs to the 20th street sewer line and for possible revision of city voting precinct boundaries to minimize confusion in the forthcoming April 4 election.

Bids for relining the 20th street sewer line are to be opened at 4 p.m. today, and quick action is being sought to complete the job within 30 days, after which the sewer line is expected to be filled to capacity with added flow from Granite City Steel Co. furnaces, the mayor said.

The repair project for 1630 feet of 31-inch sewer line, extending from Omaha to Iowa street has been estimated to cost \$70,000. The city has spent nearly that much in the past few years to repair breaks in the line.

The mayor pointed out during Monday night's council session that the special meeting probably would be needed since the next regular session is not until Feb. 20. Bids are expected from three firms specializing in the pressured repair work.

To prepare for the repair project, the sewer line must first be cleaned, and last week the National Power Rodding Co. of Chicago was contacted for a price.

\$6000 To Clean
The figure presented to the council Monday night was \$6000 with the city to open manholes to 36 inches in diameter and to haul away the debris.

Council members had asked for the proposed figure from a contractor and for a comparative price for the city street department to do the work.

Supt. of Streets William Warfield said he thought the contractor price was "not bad" pointing out the city would need additional equipment costing about \$1000, labor cost would amount to \$4000. "It's a rush job, and I don't know if we will be able to work double shifts. Who knows, we might have an snow and need all available men to work on the street superintendent said."

Objects To Price
The \$6000 contract price was challenged by Alderman Donald Partney, who said the sewer was cleaned for a much lower price in 1959 by the same firm. He called for the project to be stated by a representative of the sewer cleaning firm, who replied the cost two years ago was \$1956.

It was explained that under the former contract, the firm did not work a double-shift which is planned for the proposed project, and the firm had a contract with the city to clean a far greater amount of footage.

The sewer repair project is being scheduled due to the deterioration of the line and the fear of collapse. The state highway department has abandoned the widening project for East 20th street from Madison avenue to Edwardsville road because of the sewer condition, but has agreed to proceed if the sewer repairs are made. A state contract award was made to the local A. H. Sebold Co. to widen and resurface the street and work was to have been started late last year.

Alderman Walter Nann, who with three other aldermen, opposed the project.

Emergency Pay For Jobless To Begin Feb. 15

"Beginning Feb. 15, unemployment benefits will be extended under the Temporary Emergency Benefits provision of the Illinois Unemployment Compensation Act," Illinois Director of Labor Robert Johnston this week advised the local Unemployment Compensation office at Niedringhaus avenue and Cleveland bldg.

"However," Johnston emphasized, "the extension will apply to only those workers who exhausted their regular unemployment benefit rights on or after Feb. 8."

Because the law provides that emergency benefits may only be paid for a full calendar week of unemployment, the first week for which temporary emergency benefits will be paid will be the week beginning Feb. 15.

Processing of applications is expected to begin at the local office next week.

30% Maximum
"Maximum payments under the Temporary Emergency Benefits program are 50% of the claimant's normal entitlement," the director pointed out. "A claimant entitled to benefits for 26 weeks of total unemployment under the regular program may draw temporary emergency benefits for up to 13 weeks of total unemployment."

"Entitled to normal benefits for 26 weeks of total unemployment, his maximum temporary emergency benefits would be 10 weeks, say so on."

Types of Claimants
Temporary emergency benefits are available to all claimants who have exhausted their normal benefit rights under the regular unemployment compensation program, including ex-servicemen, former federal employees, and intrastate claimants.

In all cases, regular benefits must have been exhausted on or after Feb. 8, and the claimant must meet all the regular requirements of the law.

Payment of temporary emergency benefits will end at 10 p.m. Tuesday, Feb. 14. (Continued on Page 3, Col. 1)

'Candy-Strippers' And 'Pink Ladies' On Duty At Hospital

Pink and candy-striped uniforms were the order of the day Monday at St. Elizabeth Hospital as volunteers officially launched the nursing assistance program.

Regulation uniforms have been issued to 75 Granite City and Madison high school girls, from 15-18 years old, who will perform duties from 4 p.m. to 6 p.m. weekdays and from 9 a.m. to 6 p.m. on Saturdays and Sundays.

More than 45 volunteers from various women's organizations throughout the Quad-Cities area, are donning the uniforms of the "Pink Ladies" and will work from 9 a.m. to 4 p.m. and from 7 to 9 a.m. weekdays and Sundays.

The program, recently approved by Sister Stanisla, hospital administrator, has been successfully used in other hospitals, and is under the direction of Mrs. Theodore Moran, a registered nurse at the hospital.

Mrs. Moran was the local coordinator of the program, which is given impetus by the Hospital Auxiliary.

Mrs. Moran, who also is an instructor of the nurses aides, said the volunteer program will free nursing personnel from many smaller duties to devote extra time to better patient care and attention.

Volunteer Duties
Among the duties of the volunteers are the feeding of patients, visiting those who have no visitors, tending to wheel chair patients, running errands for nurses, delivering flowers and mail, entertaining children and performing clerical work.

Selected from interviews of applicants, the Candy-Strippers and Pink Ladies do not cause loss of employment at the hospital. They merely augment the present staff. It was explained, the workers receive no pay, but are given merit award for amount of hours worked. Requirements are to work at least two hours per day, in a given time period.

High school students arrive after school and volunteer women perform duties in their spare time. From 15-20 workers are used daily.

Trio Of GC Youths Admits Six Car Thefts

Two Captured Tuesday Night In Chase From Rock rd. To Fehling rd.

A chase from Rock road to the second curve on Fehling road resulted Tuesday night in the capture of two local teenage boys in a stolen automobile and the clearing of six recent auto thefts.

The boys, 15 and 16 years of age, were apprehended when the auto in which they were fleeing Granite City police "pulled out" on the Fehling road curve near the Town & Country Nursery. The two youths and a third teenager, a brother of the younger boy, have admitted taking six cars, including five from Granite City and one from Hartford, all in a span of four days.

Charges of larceny of a motor vehicle were filed yesterday by Assistant State's Atty. John Gilchiff against Ronald Pigg, 18, of 2440 Ohio avenue; his brother, 15-year-old Silver William Pigg, and Charles Thomas Wofford, 16, of 2224 Bryan avenue.

Additional charges were filed by local police against Silver Pigg, who was served warrants for speeding, reckless driving and using a fictitious operator's license, and Wofford, who was arrested about 10:30 p.m. following the chase, were released on \$500 bonds to the Illinois Youth Commission yesterday afternoon. Ronald Pigg's bond was set at \$1000.

Car Taken On Lot
Police had received a report at 8:35 p.m. Tuesday that a 1958 Ford had been stolen from the lot of a car wash.

City Studying New Downtown Driveway For Trust Bank

A driveway in the 1900 block of Delmar avenue to provide access to drive-in teller windows at the Granite City Trust & Savings Bank is under consideration by the Granite City council.

The request submitted to the council was for a 30-foot driveway at 1920 Delmar avenue, and Ernest A. Karandjeff, president of the bank, told the Press-Record the plans are for the building now occupied by Ben Schermer Hardware store to be razed.

Karandjeff and officials of the hardware company said to Monday night's meeting to determine what changes would result in the downtown traffic pattern.

Man Wounds Self In Leg During Target Shooting

A 34-year-old Granite City man was shot in the left leg at 11:30 a.m. Tuesday in an accident during target practice, an investigation by Deputy Sheriff William Thompson determined.

Harold S. Beckham, 1716a Cleveland bldg., was treated at St. Elizabeth Hospital for a bullet wound through the calf muscle. He was released after treatment.

Beckham had gone to a dumpsite off Old Alton road near Mitchell and Jerry Hoffman, 26, of 204 Benton street, Thompson said. Using Hoffman's 22-caliber pistol, Beckham was practicing shooting at tin cans tossed in the air by his companion.

As Beckham was attempting to shoot left handed and was raising the pistol, he squeezed the trigger too soon and the bullet went downward into and out of his leg, he related.

\$12,000 Salary Suggested For GC Magistrate

A salary for the office of police magistrate remains a problem for the Granite City council members who heard Magistrate Andrew Gasparovic Jr. recommend \$12,000-a-year. Action taken Monday night was to order an ordinance prepared setting the pay at \$9000, subject to revision when it is submitted for adoption on Feb. 20.

Since the office income from court costs and bond fees has averaged more than \$11,000 a year for the past four years and has a potential of \$16,000, being self-sustaining, a number of aldermen expressed opinions for setting a figure higher than the \$9000.

However, others pointed out the \$12,000 salary would be higher than the \$9000 paid to the mayor and far more than the pay received by city department heads.

In a lengthy debate, during which the council also proposed a \$1200 increase to boost the pay for the office of township assessor to \$7200. It was pointed out that Gasparovic holds court six days a week and is in his office on Sundays to arrange for release on bonds for various individuals arrested on week-ends.

Fees, Expenses
Under the present arrangement, the magistrate receives court costs on each charge filed (there were 7990 arrests in the four-year period studied) and a fee of \$1 for each bond. The city furnishes an office in the city hall and pays the salary of a clerk.

Alderman Paul Rutledge, chairman of the Finance Committee, suggested the \$3000 figure so the ordinance could be prepared for presentation to the Feb. 20 council session. "You asked for the salary to be set before the candidate filing period closes next Monday. I'd like to try to hold the salary in line with other jobs in the city government," he said.

During the discussion, Magistrate Gasparovic, who was in his office, was called before the council and asked for his opinion.

"I'm not prepared to speak, but I'd like to point out I'm put in seven or eight weeks, and I would say roughly the pay should be \$12,000 for whoever is in the office," Gasparovic said. "I am a candidate for re-election."

Alderman Charles Meyer asked, "Do you think the city is worth more than the mayor's or those of his assistants?"

"That's what the job pays and it has a potential of \$16,000 for Gasparovic," he replied, adding that it was difficult to compare his judge's job with those of the mayor and department heads. He said he often spends considerable time with individuals having difficulties.

"Will Disrupt City Salaries"
"This will disrupt all city salaries," Meyer stated.

"When it was pointed out the \$12,000 figure would be higher than the salary paid to the city judge, Gasparovic said the city court holds frequent jury sessions."

Police Predict 99 Accidents This Month

A prediction that 99 traffic accidents will occur in Granite City during the short month of February was made today by the police department. That is an average of 3.3 mishaps each day.

In January, there were 113 traffic accidents, as compared to the police prediction of 96. However, a change in arriving at the forecast figure was made in working out the estimate for February, resulting in the higher total for the shorter month.

During 1960, there were 92 accidents in January and 96 in February.

The request submitted to the council was for a 30-foot driveway at 1920 Delmar avenue, and Ernest A. Karandjeff, president of the bank, told the Press-Record the plans are for the building now occupied by Ben Schermer Hardware store to be razed.

Fluoridation Will Be On GC Ballot For April 4 Vote

A vote on fluoridation and an application for federal funds to study pollution abatement in Granite City were among a number of major items before the city council Monday night. Both resolutions were approved.

The question of water fluoridation is to be presented to voters of the city on a separate "advisory" ballot during the regular April city-township election.

Alderman Walter Nann said the fluoridation vote should be "binding" on the council and not "advisory." However, City Atty. Ernest A. Karandjeff, told him the vote could not be ruled binding on future councils. "It's a negative motion and it's illegal," Beatty ruled.

The idea of an "advisory vote" was debunked by Alderman Earl Von Schmitt, who recalled such a vote about 14 years ago when daylight saving time was placed on a special ballot during a city election.

"Only a few people bothered to vote and then those objecting to the outcome began appearing before the council and everybody decided to recall the vote. The final outcome of that election was that only the city hall building remained on standard time."

Alderman Samuel Whitner, chairman of the council's Downtown Traffic committee, told council members Monday night the proposal should be studied and closed.

Edison avenue is restricted to one-way north-bound traffic, while Delmar avenue is open to two-way traffic.

Council's Responsibility
In further debate, Alderman Mrs. Gabrielle Bettencourt urged the council to decide the issue of fluoridation of water, and stating it was the council's responsibility and would be its responsibility even after the vote of the people.

Alderman Charles Meyer also recommended the special vote be discarded and an ordinance submitted to the council instead.

"We're just wasting time and money on the vote. We're the ones who make the final decision anyway," he added.

Other council members said the present council probably will be making the decision instead of a new council, since there will be two meetings in April after the election before any new members would be seated.

Nann told council members that since the vote of the people.

Water Co. Appeals Rate Hike Case

The Illinois Commerce Commission's denial Tuesday of an appeal for a rehearing in the East St. Louis & Interurban Water Co. water rate dispute with the ICC has resulted in the water company's filing of an appeal yesterday in the St. Clair circuit court at Belleville.

The ICC authorized the water company to raise its rates 24 1/2% in May 1959. The company had sought a rate increase and asked for a rehearing.

Madison firmmen, who fought the blaze, attributed it to a short-circuit in electrical wiring in the living room. They were able to confine the fire to the living room.

The loss included \$300 to the contents and \$250 to the building. The story-and-a-half residence has frame construction.

Two Hurt In Accident At W. 22nd, Ohio Ave.

Two minor injuries resulting from a two-car collision at West 22nd street and Ohio avenue was reported Monday afternoon by Granite City police.

Those injured were Edith M. Singler, 33, of 2438 Illinois avenue, who was charged by police with failure to yield right-of-way, and the driver of the other car, Billy Leroy Chastain, 22, of 2617 Highway 67a and the 185th Engineer Co. of the Granite City Engineer Depot.

Police said Singler was traveling east on West 22nd street, while Chastain was going north on Ohio avenue.

No New City Filings In Madison, Venice

No additional filings or petitions were reported this week for the April 18 Madison and Venice city elections.

Single tickets largely composed of incumbents have filed in the two cities, as well as an independent aldermanic candidate in Venice's Third Ward.

PRESCRIPTIONS ARE THE MOST IMPORTANT PART OF OUR BUSINESS

Local Teens To Participate In State Legislative Meet

Teenagers from the local YMCA will participate in the Illinois Youth and Government Pre-legislative Conference Saturday at the University of Illinois, Champaign.

At the meeting, officials for the group's legislature will be elected.

Nominee for the office of Youth Governor is Warren Nash, 17, son of Mr. and Mrs. Edward Nash, 2414 Madison avenue, and candidate for Page is Ronald Randall, 18, son of Mr. and Mrs. Ernest Randall, 2721 Michigan avenue.

Both boys are seniors at Granite City high school.

Purpose of the organization is to orient high school students on the operation procedures of the state government.

Members of the group will prepare bills which they believe are needed and will improve the state.

During the conference the

young legislators will discuss problems encountered while preparing the bills with state legislators, lawyers and others.

Local youth legislators to make the trip are: Dave Schaefer, Pat Whitecotton, Alice Mooshagian, Linda Allen, Carol LaMacchia, Carolyn Kozlovich, Sandra Coleman, Marilyn Murphy, Linda Vesel, Nancy Bluchoff, Judy Rossing, Ruth Justice, Bonnie Davies, Pamela Dyer, Joann Singleton, Nancy Rickert, Joanne Hastings and Walter Mathis.

Observers at the conference will be Sherry Town, Pamela Lakatos, Dianne Haneline, Carol Murphy, Elaine Tarasovich, Carmen McGovern, Charles Sturmon, Susan Artz, Janice Crabtree, Joann Evans, Vickie Ritchie and Ann Smith.

Miss Pat Mega and Donald Mega, directors of the "Y" Teenage Department, will accompany the group.

Venice Relief Costs Decline

Venice township relief costs declined slightly during January, totaling \$9889, a monthly report showed today. The December 1960 figure was \$10,178.

During the past month, the township aided 136 families, composed of 452 persons. In December, the relief records showed 134 families and 424 people.

Andrew F. Howe, 85, Inventor, Dies

Andrew Francis Howe, 85, of University City, Mo., inventor of the one-time employee of the former Commonwealth Steel Co. here, died of cancer Tuesday at his home.

Funeral services were held at 10 a.m. today at a University City funeral home and burial took place at St. John's Cemetery here.

Howe, with 77 inventions, was credited with a patent for a casting for a locomotive wheel, which moved the local steel firm, now General Steel Castings Corp., to the forefront in the steel business.

In 1944, Mr. Howe received a million dollar settlement for the patent after filing in 1928.

More recently, Howe was working with a St. Louis industrial engineering firm on stream pollution problems. His wife is president of the firm.

Howe was a member of the Missouri Athletic Club, Scottish Rite and Moolah Temple Shrine. He is survived by his wife, Louise, two sons, Russell and Loyd Howe, both of St. Louis county; a daughter, Mrs. Ruth Echinson of Elwood, Ill.; a stepdaughter, Miss Lou A. Gruenewald of University City; a brother, E. J. Howe of Jacksonville, Ill., and five grandchildren.

Seventh Set of School Board Petitions Issued

A seventh set of petitions for the April 8 Granite City school board election was issued yesterday to Hubert Hall, who said they were not for himself.

Board Secretary Howard Kaseberg and Board Member Glenn Abbott have obtained petitions for the two positions with terms that are ending. Petitions also have been issued for a resident and three sets to S. P. Drenowatz. Filing will begin Feb. 22.

Estimate Price Cut Continues Today

A five-cent per gallon gasoline reduction in the Quad-Cities area continues at most gas stations today, according to Fred Fahnest, representative of the local service station group.

Fahnest said that major brands are selling for 27.9¢ for regular gasoline and 31.9¢ for premium fuel. Cut rate stations quoted prices at 25.9¢ per gallon on regular and 30.9¢ on premium.

The "gas war" had begun in St. Louis and has spread to this area.

C. Of C. Board Meeting

Industrial Development Committee Organizing

Organization of the Tri-Cities Chamber of Commerce committee for industrial development was reported Tuesday evening by President Paul Lichtenberger during a dinner meeting of 20 directors at the Rose Bowl restaurant.

The committee, headed by C. E. Townsend, editor and publisher of the Press-Record, has a goal of securing new industries for the Quad-Cities area and giving assistance for expansion and further development of existing industries.

Serving on the committee with Townsend are Harold R. Flucher, president of the First Granite City National Bank; Lyle F. Gulley, vice-president of Granite City Steel Co.; George K. Holze, vice-president of General Steel Castings Corp.; G. W. Hoelscher, executive manager of the East Side Manufacturing Association; W. F. Hoelscher, secretary and treasurer of Granite City Steel Co.; Henry B. Karasch, chairman of the boards of the Granite City Trust and Savings Bank and American National Bank.

Carl M. Lomax, secretary-treasurer of S. M. Wilson & Co.; Herbert H. Lyon, vice-president of Dow Metal Products Co.; John McBride, vice-president of Union Starch & Refining Co.; S. E. Pershall Jr., president of Tri-City Grocery Co.; Carl A. Ranft, president of Ranft Bottling Co. and chairman of the Tri-City Regional Port Authority; E. G. Schmitt, service manager for Illinois Power Co.; and M. Freeman Wolfe, president of M. H. Wolfe & Co.

The committee is to hold its first meeting in the near future.

Study Fluoride Vote

C. of C. directors referred to the Health committee, headed by Dr. Irvin Wiessman, a request by Alderman Donald Partney for a study of the fluoride of water to be presented in a special advisory vote April 4 to residents of Granite City.

The committee was asked to submit a recommendation at the board meeting next month.

A suggestion was made for the C. of C. to support the proposed design to reduce tooth decay.

Secretary William Dobry reported a new membership for the firm's store at Belmont Village shopping center, as local representative. He added that Rabum Phillips and G. G. Tull of the R. C. Cola Co. also have been added to the membership roll.

Appointment of Nicholas R. Brink, new manager of the A. O. Smith Corp. plant, to the board of directors was approved. He is to fill the term of the former Smith plant manager, Thomas Smith.

A. Sullivan, who was promoted and transferred to the firm's main offices at Milwaukee, Brink's term will expire Oct. 1, 1963.

Announcement was made by Lichtenberger of the resignation of another newly-elected director, Arthur Kayser, who was promoted this month by Illinois Power Co. and transferred to the Galesburg area. The vacan-

cy is to be filled at a later date.

Carl Lomax was named chairman of the C. of C. Membership Relations committee, which had been headed by Sullivan.

Congressional Action Group Gene H. Sternberg, chairman of the committee, announced plans to organize a group of 100 local area business and professional men to take part in the activities of the 33-member committee.

He explained the committee and its subcommittees are meeting to study legislation under consideration by Congress and will submit newsletter outlining the bills in detail and asking the new group and C. of C. members to write to the local area Congressmen, expressing their views.

Sternberg said it is the goal of his committee to keep C. of C. members informed on all legislation of the Congress. John Dressel, chairman of the Public Relations committee, reported his group is actively engaged in developing a program to be presented next month.

President Lichtenberger said a reply to his letter welcoming the John Manville Corp. to the community had been received from George M. Wilson, assistant to the vice-president for production, and that the firm, which is taking over the Celotex plant in Venice, is planning to take part in community affairs.

Condition of Geraldine Grimm, 14, Listed 'Fair'

Miss Geraldine Grimm, 14, daughter of Mr. and Mrs. George Grimm, 2812 Iowa street, is listed as in "fair" condition at St. Mary's Hospital, East St. Louis, where she has been a patient since a Sunday sledding mishap.

She suffered a fractured skull and a severe gash on her right leg when her sled struck a tree at Monk's Mound, near Collinsville. She is allowed no visitors.

Man, 70, Hospitalized For Exposure To Cold

Tony Taysoski, 70, of 815 Alton avenue, Madison, whose home was cold when he was found there by an acquaintance shortly before noon Tuesday, was taken by ambulance to St. Elizabeth Hospital and admitted for treatment of exposure.

This condition is fair.

\$12,000 Federal Loan Sought

The resolution to apply for \$12,400 federal funds for an engineering study on city-wide river pollution abatement was approved by a 12-to-2 vote with Aldermen Nann and Steve Basa-lich opposing it.

The application, which is to be submitted to the Federal Housing and Home Finance Agency in Chicago, was recommended two weeks ago by the Citizens' Master Sewer and Drainage Committee after it was learned surplus funds from the \$120,000 planning grant for the master sewer and drainage survey could not be used for the pollution abatement study. The resolution was placed on first reading at that time.

The study is to determine if the city should undertake its own construction of a sewage treatment plant or should enter into a program being set up by the East Side Levee & Sanitary District. A similar application for a federal planning loan has been made by the city of Venice.

The city is expecting about a \$30,000 surplus from the loan for the drainage engineering study, but that money must be returned to FHFA.

Maeras Doubtful Pollution Vote Will Be Favorable

Mayor Stephen Maeras told the Madison city council Tuesday night he is glad that the East Side Levee and Sanitary district has plans for an April 4 pollution abatement referendum, but that he doubts there will be a favorable vote in the advisory election.

There is uncertainty about the proposal because the public already is heavily taxed and will not be eager to increase the tax burden, he commented.

The mayor said the election "would be the best way to learn public reaction on pollution abatement. There is no doubt that something has to be done about it."

Report From Alderman

The council heard a detailed report from Third Ward Alderman Raymond Kozielek, who had represented the city at a meeting on abatement Feb. 2 at the levee district office in East St. Louis.

Recalling that he has viewed sewage flow from the village of Montsanto, he said he believes it is wrong to purify water, consume it and then dump sewage untreated into the same body of water that serves as the source for a community.

Madison and East St. Louis officials have voted to ask the levee district to handle construction of treatment plants for this area, and Mayor Maeras said it is because of this that the Illinois Sanitary Water Board and U. S. Public Health Service have not been in frequent contact with the city to urge action.

Sewer Service Charges

Montsanto plans to proceed on its own, and Venice and Granite City have applied for federal funds to make preliminary studies showing which abatement procedure will be most economical for them, Kozielek related.

In all cases, costs would be borne from sewer service charges collected from property owners.

Kozielek and Maeras emphasized that the city has not wavered from its stand of supporting the levee district as the abatement agency, as outlined in a resolution adopted by the council.

However, if industrial waste cannot be substantially reduced to keep the cost of sewage treatment within reason, it might be more economical for the city of Madison to construct abatement facilities or to join with the city of Venice, Maeras noted, adding that a Madison-Venice project has much to recommend it due to the topography of the area.

Mrs. Vellie Yarber, 87, Dies In Venice

Mrs. Vellie Yarber, 87, of 203 Ashbrook street, Venice, died at 9 p.m. Monday at her home after an illness of one month.

A native of Hamilton county, Ill., she had lived in Venice 28 years and previously had been in East St. Louis resident for 33 years.

Death apparently was caused by a heart attack, Mrs. Yarber, whose husband preceded her in death, had lived at the home of her daughter, Mrs. Beatrice Schultz.

Also surviving are a son, Earl Yarber, East St. Louis; four daughters, Mrs. Schultz, Mrs. Marie Stoeckel of St. Louis, James H. (Helen) Cook of O'Fallon, Ill., and Mrs. Otto (Vivian) Hommert of East St. Louis; eight grandchildren and 15 great-grandchildren.

Funeral services will be held at 3 p.m. today at an East St. Louis funeral home, with burial at Mount Hope Cemetery, Belleville.

GC Man Falls On Ice, Other Emergency Cases

Falling on ice, James Parks, 51, of 2717 West 22nd street was treated at St. Elizabeth Hospital at 5 p.m. Tuesday for two abrasions and a small laceration over the right eye.

In another hospital emergency case Tuesday, Vincent Marsala, 16, of 1803 Collinsville avenue Madison, was treated at 1:30 a.m. for an injury to the upper right leg suffered while playing basketball at a school gymnasium that night.

Chesley Rider, 52, of 3008 Delta avenue, was treated at 9:20 p.m. Tuesday for a laceration suffered when he caught his left ring finger in a car door. Carol Jean Barnett, two, daughter of William Earl Barnett, 2153 (rear) Edison avenue, at 9:30 p.m. for a toe injury received in dropping a soda bottle; and Edward Damrath, 18 months old, son of Edward Damrath, 1104 Greenwood street, Madison, at 9:45 p.m. after drinking from a spray bottle.

Valentine Party For St. John Evening Guild

A Valentine party was held Monday evening in connection with the February meeting of the Evening Guild of St. John United Church of Christ, 2601 Nameoki road, and the names of "sunshine" friends were revealed.

The meeting opened with the devotional service led by Mrs. Joan Schuyder, assisted by Mrs. Mary Hoeckstra, Mrs. Judy Stille, president, conducted the business of the group.

Thirty-one members and three guests were present at the meeting. The latter were Mrs. Karmyn Wagner and Mrs. Ida Weiss, who became members, and Mrs. Mollie Yencho.

The program consisted of a report by Mrs. Mae Gottfried of the recent Social Action Institute held in Belleville. The members were also reminded by Mrs. Paul Surber of the World Day of Prayer service to be held Feb. 17 at Niedringhaus Memorial Methodist Church and members were urged to attend with their families.

Clothing was taken to the meeting to be distributed by the Protestant Welfare Association, and a cash contribution was made for welfare work.

Refreshments were served by the hospitality committee composed of Mrs. Doris Oliver, Mrs. Wilma McQuinn, Mrs. Bea Rittenhouse and Mrs. Jessie Ogden at tables decorated in keeping with St. Valentine's day.

ENGAGED. Miss Mary Ann McDowell, fiancée of Shurman Brooks, a son of Mrs. Dora Brooks, 3404 Kirkpatrick Homes. The betrothal of the couple is announced by the bride-elect's parents, Mr. and Mrs. Earl McDowell, 2007 Sixth Street, Madison.

Miss Rose Tayon, Richard E. Earls Wed On Monday

Miss Rose Marie Tayon, a daughter of Mrs. Joseph Tayon, 2132 Missouri avenue, became the bride of Sp-5 Richard E. Earls, a son of Mr. and Mrs. Fount Earls of Crab Orchard, Ky., Monday evening. The ceremony was performed by Justice of the Peace Philip Androve.

Attending the couple were Mr. and Mrs. William Burnett of Glen Carbon.

The bride wore a two-piece navy blue costume with a corage of white carnations. Mrs. Burnett was in navy also. Her flowers were pink and white carnations.

The newlyweds left directly after the ceremony for Richmond, Va., where the bridegroom is stationed.

A graduate of the Granite City high school, the former Miss Tayon has been employed for the past four and a half years in the offices of St. Elizabeth Hospital.

Past Matrons Club Meets

The Past Matrons Club of Granite Chapter 650, Order of Eastern Star, was entertained Monday evening by Mrs. Mary Ellen Lewis, 354 Johnson road.

Mrs. Virginia John, the retiring president, opened the meeting. The newly-elected officers are: Mrs. Hannah Kleinschmidt, president; Mrs. Blanche Leichter, vice-president; and Mrs. Lewis, secretary-treasurer.

Plans were made for a trip to a television shop Playhouse party in St. Louis on Feb. 17. The members will make the trip in a chartered bus, leaving the Masonic Temple not later than 10:30 a.m.

Games were enjoyed during the remainder of the evening, and prizes were won by Mrs. Clara Smith and Mrs. Sadie Jones.

Refreshments were served to 12, including two guests, Mrs. Mary Woodworth and Lloyd Lewis.

HONOR CLUB MEMBER AT GOING AWAY PARTY

A covered dish supper preceded the meeting of the "R" Club, Chapter 171, of the Nativity of the Virgin Mary, Eastern Orthodox Catholic Church in Madison Monday evening.

A brief business session was conducted by the president, Vladimir Fyrtok, who presented the Christmas collection.

The remainder of the members who are leaving the city, with a going away gift. Mr. Fyrtok's work is taking him to Peoria. There were also games for entertainment. Approximately 25 were present.

St. Peter Guilds Hold Combined Meeting Monday

A combined meeting of the Afternoon and Evening Guilds of St. Peter Evangelical and Reformed Church, 21st street and Cleveland Blvd., was held Monday evening at the church, approximately 75 members of the two groups attended.

Guest speakers of the evening was Dr. Richard Scheel of Eden Seminary, who explained a new Statement of Faith being adopted by the United Churches of Christ. He was introduced by Mrs. Marguerite Berger, president of the Evening Guild.

The Evening Guild was in charge of the worship service, and Mrs. Ruth Ann Bartels, Christian Service chairman, discussed "Faith and Service."

Separate business sessions were conducted by the president, Mrs. Berger, and Mrs. Lillian Baumeier, and plans were made to serve the luncheon in the district of the Federated Garden Clubs on Feb. 23.

The two groups reconvened later for refreshments served by the Afternoon Guild.

Senior League Plans 'Round-The-World' Party

The February meeting of the Senior League of the Gospel Mission was held Monday evening at the Mission on East Twentieth street with Larry Hayes, president, in charge.

Linda Fowler led the devotional service and prayer, and following the secretary's report there was a report on sick and shut-ins by Sandy Lazenby.

Plans were made for a "round the world" party with Linda Fowler, Jackie Hill, Carol Bradish and Sandy Lazenby serving on the committees.

Twelve members were present as were two guests, Mr. and Mrs. Christie Hayes. Mrs. Bethel Davis, is superintendent of the Mission, and Mr. and Mrs. Calvin Lazenby Jr. are sponsors of the youth group.

Club Aids City on Building At Third Street Playground

The Madison city treasury was enriched by \$2000 Tuesday night as the Madison Rotary club presented the first installment of \$2000 pledged toward construction of a building in Madison's park. The city and school grounds between Second and Third streets and extending from Cambridge avenue past Highland avenue to Alton avenue.

The check was accepted by a vote of the Madison city council, which earmarked it for a special "Third Street playground building" fund under the playground and recreation department's division of the city budget.

Thinking club representatives for the contribution, Mayor Stephen Maers said he hoped to construct a permanent building that would include dressing rooms, public restrooms and facilities for sale of food and other items.

Festivals, Games, Play Area

Located in the vicinity of Third and Highland, the structure would provide facilities for athletic teams to change into uniforms before playing on the ball diamond there; water and restrooms for youngsters using the area as a neighborhood playground during the summer; and a variety of uses in connection with public festivals and picnics, such as that held in Madison on the Fourth of July each year.

Mayor Maers said the cost

probably would be upwards of \$100,000, and that estimates have been as much as \$100,000 or \$120,000.

Additional efforts will be made to start the project as soon as financing is arranged. The city is to supplement the donated funds.

Three Installments

The club's decision to contribute \$1000 now, \$500 next year and \$500 the following year was reported at the council meeting by William F. Winter, Rotary club president, who made the presentation along with Alex Schenckoff, treasurer.

Winn, credited Joseph Purdes, immediate past president of the club, with being instrumental in starting the club project.

Major income of the club is from a bi-weekly smorgasbord held in early November, annually with Rotarians preparing and serving food under the chairmanship of Leo Schenckoff. Founded in 1925, the club still has one charter member, E. A. Friedman, on its membership roster.

The presentation took place during a bi-weekly city council meeting at the Madison city hall and drew a round of applause from the aldermen and other city officials. Maers gave a brief talk thanking the club and giving assurance that the construction proposal will be given early attention.

Split For Bowland In Classic Play

Bowland Lanes survived a 27-point fourth quarter spurt by Friedman's Monday night in Classic Bowling league play at the Prather Junior high school gym to win 81-80, but was upended 55-54 the following night on the same court by Latin Quarters.

Bowland had Friedman's on the ropes at halftime Monday night, 50-34, but the losers roared back, outscored Bowland by 15 points in the second half and nearly pulled the game out.

Leading the rush for Friedman's was Clarence Hand, who started slowly but totaled 27 points before the game ended. Bowland scored 18 points for the losers, and Charles J. Friedman 17.

Bob Finke, Ray Jones and Jack Salchick each hoped 17 for Bowland. The loss was Friedman's fourth in nine games. Latin Quarters climbed out of the basement Tuesday night against Bowland, and the difference was a 20-point fourth quarter for the winners while Bowland was scoring only nine.

The fourth quarter began with the score tied 45-45. Clayton Harrison and Norman Martinez rimmed 17 points each for the winners and Joe Gonzales added 15. Salchick hit 17 for Bowland. Finke 12 and Jones 11.

Stop Signs at 23rd and Iowa Sts. To Be Switched From 23rd and Placed On Iowa St.

With a goal of reducing the number of traffic accidents occurring at 23rd and Iowa streets — 22 in 13 months — a change in stop sign controls is being scheduled for next Monday. Vehicles traveling on Iowa street will be required to stop instead of those on 23rd street.

During Monday night's council session, Alderman Samuel Whitmer, chairman of the Street and Alley committee, submitted a traffic study report with recommendations prepared by the safety department of the Illinois division of the Automobile Club.

During a nine-hour traffic study, the traffic expert, Dennis Siegler, noted 1791 vehicles approached the intersection on 23rd street and only 986 on Iowa street. At present there is a two-way stop at the intersection, with the stop signs on 23rd street.

Ratio Almost 2-to-1.

Siegler pointed out that almost two cars are required to stop on 23rd street for every one car crossing on Iowa street.

"To be effective, stop signs must be directed toward the major flow of traffic and toward the establishment of a major storage box, restricting visibility."

"We further found slight limitations at the intersection resulting from parked vehicles and the establishment of a major storage box, restricting visibility."

75% Observation Of Stop.

"An observation study of the stop signs on 23rd street indicated only 72.1% observation and this figure included drivers

who did not come to a full stop but made some effort to stop or crossing slowly, with a location of the intersection where they were being observed. It was noted that 27.9% made no noticeable effort to observe the stop sign."

The local police department has noted that a large percentage of vehicles involved in collisions at the intersection were traveling west on 23rd street. It is believed the drivers had a green traffic signal ahead at the Madison avenue intersection and were endeavoring to "beat it."

A 10-point safety program for the intersection was presented to the city, and Whitmer said steps will be taken to follow it. He told the council that the report was prepared without going to the city, and after a complete study of the 10 recommendations, a further report would be presented to the council.

10 Recommendations.

The 10 recommendations follow:

(1)—Stop signs now facing traffic on 23rd street should be removed.

(2)—24-inch white on red, red stop signs should be placed on both approaches to the intersection.

(3)—The first step of the approach to the intersection, 200 feet preceding the stop sign, should be marked with 25 feet of the intersection on all eight legs of the intersection.

(4)—Parking should be prohibited within 25 feet of the intersection on all eight legs of the intersection.

(5)—Efforts should be made to move the mail storage box to a location away from the intersection where it will not restrict visibility of approaching vehicles.

Crosswalks, Safety Patrol

(6)—Where crosswalks should be painted on both approaches of 23rd street at the intersection for school children who use this crossing. A school safety patrol should be assigned to this intersection to supervise crossing.

(7)—24-inch black on yellow square shaped "Caution School Crossing" warning signs should be erected on both approaches of 23rd street 200 feet preceding the intersection.

(8)—School children should be permitted to cross Iowa street at this intersection but should proceed to the intersection of Iowa and 23rd streets to cross Iowa street.

(9)—With the initiation of these changes, efforts should be made through news media to give as much information to the public as possible. Particular emphasis should be placed on the fact that these changes are being made because of the high accident frequency of the location.

(10)—There should be concentrated enforcement of the intersection by enforcement personnel immediately following the change. The first step of the warning period to acquaint people with the new controls followed by periodic enforcement and protection of all violators.

Tucker Heads Program For Beauty Salon Week

Earl Tucker, 245 Grand avenue, has been appointed chairman for the National Beauty Salon Week observance of the St. Louis Area Hairdressers and Cosmetologists Feb. 12 to 18.

Tucker has reported that next Monday, all over the nation, hairdressers will visit mental institutions, orphanages, hospitals, and state institutions to give free hair-dos. During the past year, he has endeavored to arrange for the St. Louis area group to donate a day to visit these institutions and give advice and service. One plan put into operation in the teaching of blind students to set their own hair, but it has not yet been fully successful.

During the national week, states compete and last year Missouri gained highest recognition in the nation for its program. Tucker also headed the 1960 observance.

GC Wraps Up SMC Wrestling Crown In Wood River; Season's Mark 1-61

Granite City high school's varsity wrestling squad wrapped up its regular season Tuesday afternoon in Wood River, with a 33-13 decision over the host Oilers, and clinched the Southwest conference wrestling championship in the process.

Coach Bill "Red" Schmitt's mainmen went undefeated in SEC competition this winter, the Oilers being their eighth straight loop victims. Granite City had beaten Wood River here earlier 32-16.

Only Loss To Waukegan
Only a loss to Waukegan over an otherwise spotless overall season's record. Schmitt and his grapplers, who finished with a 16-1 mark. A closer check of statistics reveals four wins, 44 losses and eight draws in 56 individual matches.

The Warriors will enter the district meet here Friday and

Saturday riding a 12-meet winning streak in dual competition. "Outside of a few colds we're in pretty fair shape," Schmitt reported when queried on the condition of his squad as it prepared to defend its district title.

Based on season's records, six GCERS varsity wrestlers probably will meet the Oilers in their weight divisions when coaches from the 14 schools meet to set up brackets after tomorrow's weigh-ins.

Schmitt says they probably will be Ernie Taylor, Buddy Feiblin, Sam Fazio, Eldon Poole, Bob Cruse and Bill Ridings. If they do draw first seeds, they will not meet the No. 3 or 4-seeded wrestlers in Friday's opening round.

Win 9 Matches Tuesday
On Tuesday, the Warriors won

nine of 12 individual matches including two by pins and one by forfeit.

The Granite City-Waukegan results: 95 pounds — Danny Morgan (WR) — decisioned Tony Tindal 9-17; 103 — Ernie Taylor (GC) — decisioned Dennis Morgan 9-0; 112 — Larry Reynolds (GC) — pinned Warren Vance 1-48; 120 — Roger Bloodworth (GC) — decisioned Mike Bandy 3-3.

127 — Buddy Feiblin (GC) — decisioned Joe Costanzo 8-3; 138 — Sam Fazio (GC) — pinned Spano in 4:45; 145 — Eldon Poole (GC) — decisioned Wayne Yoder 10-5; 154 — Bob Cruse (GC) — decisioned Dick Braden 9-1, 165 — Don Neece (WR) — pinned Charles Hoot in 2:40; 180 — Bob Kary (GC) — decisioned Jim Kanter 7-3; heavyweight — Bill Ridings (GC) won by forfeit.

Knights Win MBC Title; Stop Venice Here 82-74

Triad's Knights, who lost their second leading scorer at semester's end when Kenny Connor turned 19, did not need him in Venice Tuesday night as they sewed up the Madison-Bond-Clinton Counties Basketball conference title with an 82-74 victory over the scrapping Red Devils.

It was victory No. 20 without a defeat this season for Mick Pahl's cagers, and their 13th straight in MBC competition, more firmly establishing them as the top prep power among smaller schools in the area.

Venice Leads At Half
Zahn Wells' charges made a battle of it for two quarters, and left the floor with a 37-35 half-time lead. The Devils were on top 18-15 after one quarter of play.

But Dennis Neumann, Mike McFarland and Wayne Giles found the range for the visitors in the third period as the Knights poured in 30 points while Venice went cold and was held to 10. Neumann, who carries a 26-point-plus average this season, led Triad with 20 points.

It was Venice's turn to rebound in the final eight minutes. As has been the case in several contests this season for the 1-16 Devils, the fourth quarter was the most productive.

Court shooting of Larry Gray and John Corrie led the way to a 27-point period, which was 10 more markers than Triad picked up.

3 In Double Figures
The Advantage Built by the Knights in the third quarter, which was the third straight in which up, and both coaches substituted freely in the late going. Corrie and John Corrie each hit in double figures during the game, but the Knights had a more productive bench.

The Devils may find themselves in a battle to avoid last place in the conference, since previously winless Livingston scored a 42-32 triumph over Aviston in other MBC action Tuesday. Livingston is 1-12 in loop play and Venice 1-10.

Two high-scoring contests rounded out Tuesday's MBC slate of games. St. Paul of Highland tightened its grip on second place by downing Bankers Hill 86-76, and Warden surprised third-place Wesclin 91-77 at Warden.

The Red Devil-Knight varsity scoring: Venice — John Corrie 23, Larry Gray 19, John Koelker 18, Bill Shambo 6, Dan Moad 3, Jerry Cicio 2, Pete Fields 2, Steve 1; Triad — Neumann 20, McFarland 14, Giles 11, Freeman 9, Wells 8, V. Lewis 6, Corrie 6, P. Lewis 5, Anisengue 4.

Tickets For Granite City Regional Tourney To Go On Sale Here Feb. 16

The sure-to-be-coveted tickets to the first-round season of the Illinois High School Association regional basketball tournament here, which will include a contest Feb. 28 between Granite City and Wood River, will be placed on sale in the office of Granite City high school on Thursday, Feb. 16, Principal Lawrence McCauley announced today.

The tournament itself is still more than two weeks away. It begins at 7 p.m. on Feb. 27, when Collinsville and Roxana collide, and continues through Friday, March 3, with the championship game to be played at 8 p.m. on that date.

McCauley said approximately 600 single admission reserved seats tickets will be available to Granite Cityans for the season that includes the first-round game involving Granite City.

Approximately 500 tickets will go on sale at the offices of Madison senior high school for the season on Feb. 27 involving Madison, which will meet the winner of the Triad district tournament.

Principal John Palfrey said no date for the beginning of ticket sales has yet been set. However, it probably will be on or shortly before Feb. 16.

For Residents Only
Single admissions available to all sections of the tournament, including the finals, will be \$1 for adults and 75 cents for students.

McCauley stressed the fact that only residents of the Granite City district will be able to purchase tickets at GCIS in advance for the session during which the Warriors play, and Palfrey said the same rule will be followed at Madison school district residence.

At any of the schools involved in the tournament, each of which receives an allocation based upon school enrollment, they will be returned to Granite City and placed on sale at the gate approximately one hour before the start of any particular session.

All gate admissions will be \$1. The holders of season basketball tickets at their respective schools will be shown preference in the purchase of season tickets for the regional.

Two games will comprise a single session in the tourney's opening round on Feb. 27 and 28, and a single ticket will entitle the holder to watch both games.

This is in contrast to the arrangements made necessary last

year in Collinsville, where limited seating capacity forced the first round to be played on Feb. 28.

Single games are scheduled on March 1 and 2, with the survivors of the first-round round-up meeting at 8 o'clock each evening. The championship game will be held at 8 p.m. on Friday, March 3.

No Advance Sales At Triad
Triad Supt. of Schools Fred Wakeland, whose school hosts the district tournament that will send a representative to the regional here, said no special ticket sales arrangements are planned.

The district tourney, in which Venice and Lincoln high schools will compete, will be run on Feb. 21, 22 and 24. Venice will play Marquette of Alton at 8:30 p.m. Feb. 21, with the winner of that game going against Venice Lincoln at 8:30 p.m. Feb. 22. The Rams drew a first-round bye.

Wakeland said the seating capacity at Triad is such that no allocation of tickets is necessary. No advance sale of tickets is planned, and no season tickets will be sold. Admission prices to each session will be 75 cents for adults and 40 cents for students.

Tourneys, Valentine Parties At Schools

Emphasis will be on athletic events during February as tournaments arrive for students in the Quad-Cities. Heavy snow has prevented February from being a month without a school holiday, since most students did not have to report to classes Feb. 3.

Normally, students are dismissed on Lincoln's birthday, Feb. 12, but it occurs on a Sunday this year. Valentine parties are planned for Feb. 22, which is not observed by Illinois schools.

School calendars list 20 days of attendance during the 28-day month, including three set aside for first week, five days in each of the succeeding three weeks and the final two days Monday, Feb. 27 and Tuesday, Feb. 28.

New semesters began in late January, and current six-week grade periods will end March 3 and 10.

At Granite City high school, "college night" is being held Tuesday night for seniors and their parents and the post-season district wrestling tournament, which will be held here Friday and Saturday.

Concerts, Play
A band concert is scheduled for Thursday evening, Feb. 16, with sectional wrestling competition at Wood River that week-end. District speech judging will take place Saturday, Feb. 18.

The month's calendar at GCIS also includes a community concert Monday, Feb. 20; sophomore parent's night Tuesday, Feb. 21.

Other activities will include: Junior college high school basketball meeting Feb. 27 and enrollment for the seventh, eighth and ninth grades Feb. 28.

Valentine parties are planned for Tuesday, Feb. 14, at many of the grade schools; and the PTA meeting, Feb. 27, and enrollment for the seventh, eighth and ninth grades Feb. 28.

Madison, Venice Events
Madison high school will participate in regional basketball play late this month.

Participation in an all-state band by Venice high school band students is planned during Feb. 24-25. A student council week will be observed at Venice high Feb. 20-24, and a dance will be held Feb. 24.

Venice grade school will hold a "patrol dance" Wednesday, Feb. 15.

Lincoln high school plans a senior assembly program this month and a talent show by the band department Feb. 24.

Sacred Heart Takes Over 1st Place In Church Loop With 72-57 Victory

Sacred Heart vaulted into the lead in the Granite City park district's Church Basketball League Monday night at Prather junior high school with a 72-57 win over the defending champion First Assembly of God.

The Hearts, who now have a 7-1 record as compared to First Assembly's 7-2, were paced by Dale Fashea, who poured through 29 points. Also in double figures for the winners were Paul Mosby with 16 and Oney Pashea with 14.

John Draper was First Assembly's high scorer with 18 points and Bud Gosnell added 12. Sacred Heart led 42-27 at halftime.

Volney Ashford To Address DeMolays

Volney Ashford, football coach at Missouri Valley College in Marshall, Mo., will be principal speaker at the annual DeMolay "father and son" banquet at 6:30 p.m. Tuesday, Feb. 14, at the Masonic Temple.

Ashford, who also is the college's vice-president and athletic director, has gained a reputation of leading the toughest teams among the smaller colleges of the country.

He has been at the Missouri Valley gridiron helm for 20 years, holding the longest tenure of any college football coach in the nation. His overall record is 138 victories, 33 losses and nine ties for an 826 average.

Nine Bowl Games
His teams have played in nine bowl games, including the Mineral, Sun, Refrigerator, Cigar and Tangerine classics. Missouri Valley was Missouri's first National Athletic Conference football champion in 1941-42, 43-44, 45-46, 47-48, 49-50, 51-52, 53-54, and tied in 1950.

Local Team Members
Local boys who played on Ashford's 1960 football team are Duane Hall of Granite City and Stanley Wojcik, John Sikora and Steve Rydzicki of Madison. Sikora is a co-captain of next year's Missouri Valley football team.

Other local boys who have won football letters under Ashford are Robert Portell, Ronnie Hill, Curry, Jerry Jones and Larry Burckhardt.

Members of the Granite City chapter, Order of DeMolay, and their fathers and sponsors will attend.

GC HS Grapplers Will Defend District Title Here Prep Wrestlers From 14 Area Schools Vie For Berths In Sectional Tourney

Potential repeaters as champions in six of the 12 weight divisions are expected to compete here Friday and Saturday at Granite City high school hosts the Illinois High School Association district wrestling meet.

Three titlists from the 1960 district meet will wear the red and black of Coach Bill "Red" Schmitt's Warriors, while one each will come from Cahokia, Edwardsville and Wood River high schools.

The district meet, one of 14 conducted outside of the Chicago area in Illinois this week will draw entries from 14 area schools. In addition to those already mentioned, they include Belleville, Benton, Carbondale Community, Carbondale University high school, East St. Louis, Greenville, Highland, Murphysboro, Roxana and Western Mills Academy.

All in all, 154 teams will be taking part in districts throughout the state, hoping to qualify wrestlers for sectional meets, the final stop before competition in the state high school tournament at Champaign on Feb. 24 and 25.

Top 4 Finishers Advance
The top four finishers in each of the 12 weight divisions, 48 grapplers in all, will go on from Granite City to the Wood River sectional on Feb. 18. Winners and runner-up there qualify to compete in the state finals. Granite City is a favorite to annex its fourth straight district title here, Cahokia, Wood River and Edwardsville viewed as supplying the stiffest competition.

Champions Return
Warrior wrestlers who will defend district titles won last year are Ernie Taylor at 103 pounds, Sam Fazio at 138 and Heavyweight Bill Ridings. Other returning champions are Cahokia's Grady Hill, who moves up from the 112 to the 120-pound class; Bill Hoppe, Edwardsville's 55-pound titlist last year who will come in at 112; and Tony Kusanoff of Wood River who will defend his 135-pound title.

New Inter-City Battering Trophy To Honor Wallen

The battling champion of the Southwestern Illinois Inter-City Baseball League in 1961 will receive another award in addition to the trophy presented by the league at the conclusion of the season, I-C officials have announced.

To be known as the "Carl Wallen Memorial Trophy" in honor of the late league statistician, the award will be presented to the player compiling the highest batting average in regular league play, provided he has at least 50 official trips to the plate.

It will be made in addition to and separate from the regular I-C batting award, and must be won two years, not necessarily in succession, before a player can claim permanent possession. The trophy is to be provided to the league for presentation by a donor who will remain anonymous.

Roxana Defeats Younger Coolidge Grapplers, 34-18

Roxana junior high school's fifth grade wrestling squad triumphed a team made up of Coolidge JHS seventh and eighth graders Monday afternoon on the winners' mat. The final score was 34-18.

The results:
89 pounds—Richard Bledsoe (C) pinned Ron Martin in 5:20.
103—Gary Shanks (R) pinned John Koszyk in 3:00, 112—J. D. Kusanoff (R) pinned Bill Hill in 5:12.

Firemen vs. Officials In Venice Benefit Game

Basketball between Venice city officials and firemen will highlight a benefit program tomorrow evening in the Venice public school gymnasium. Receipts from donations—there is no admission charge—will go to the Venice Crippled Children's Organization.

First activity will be at 7:30 p.m., Friday, when Venice grade school fifth and sixth grade teams will compete. Then, at 8:15, the Venice grade school band will entertain.

The feature game will start at about 8:30 p.m. It will be the fourth year in succession that the firemen have played city officials to raise funds for the organization, which holds its yearly fund campaign in January and February.

Schlitz, Black Label Tangle During SIBPA Split Session

Bowland Schlitz will meet Black Label Beer of Belleville in one of two 7 p.m. matches Saturday at the Edgemont Lanes in East St. Louis as teams in the Southern Illinois Bowling Professionals Association Classic league roll a split session.

Also scheduled at 7 p.m. is a match between Pepsi-Cola of East Alton and Rusty's of Edwardsville. At the 9 p.m. session, the league's 1-2 teams, Alton Falstaff and Collinsville Revere Room, are matched together, with Loman's Bowlers Shop of East St. Louis and Ripley Pins of O'Fallon getting together for the fourth match.

Schlitz could profit from the meeting of the league's top two teams, The Granite City five trails Falstaff by four games and is 2½ back of second place Revere Room. But its opponent, Black Label, is just 2½ games behind Schlitz.

The league standings, including weekend records and pin averages: Falstaff 39½-23½, 982; Revere Room 38-25, 973; Bowland Schlitz 35½-27½, 989; Black Label 33-30, 973; Rusty's 31-32, 958; Ripley Pins 30-33, 968; Loman's 27½-35½, 950; Pepsi-Cola 17½-45½, 839.

Area No. 3 construction fund—\$282,898, \$69,105 and \$13,793.

Sewer extension fund—\$68,381, \$33,141 and \$35,140.

Nameoki area sewers reserve—\$60,333, none and \$60,333.

4 Street Lights Approved

Installation of four additional street lights was approved Monday night by Granite City council members in a resolution to be forwarded to Illinois Power Co.

The lights are to be located at 2921 Cayuga street, 2018 Denver street, 115 Riviera drive and 2442 East 24th street. City Clerk A. L. Stevens advised the council that the power company wants definite locations for three new lights the council recently approved for along Colgate avenue.

Miss Davidson Chosen As Merit Scholar Finalist

A senior at Granite City high school has been named a finalist in the 1960-61 National Merit Scholarship competition and has been awarded a certificate of nomination.

Principal Lawrence C. McCauley announced today that Miss Linda R. Davidson has received a certificate which attests to her high academic promise.

The certificate was presented to her by the principal, Mr. and Mrs. Lloyd H. Davidson, 2531 Iowa street.

The senior attained finalist status by distinguished performance on two tests and upon recommendation by the high school.

About six-tenths of one per cent of the seniors in each state received the awards. Approximately 8800 students in the 50 states and in United States territories were honored.

The certificate of Merit winners represent our most valuable national resource, our talented youth.

John M. Stalaker, president of the National Merit Scholarship Corp., expressed the organization's appreciation for the recognition and encouragement of every citizen concerned with the future of America.

List Sent To Colleges

Merit scholars, to be announced April 27, will be selected from the finalist group. They will receive scholarships from the resources of the National Merit Scholarship Corp. and from sponsoring business corporations, foundations, associations and individuals. In 1959-60, 115 sponsors participated in the program.

Names of all who achieved semifinalist status in the competition were published in a booklet distributed to colleges and other sources of scholarships.

Previous experience indicated that more than half of the finalists will be offered assistance from sources other than the merit program.

Recipients of National Merit Scholarships are chosen by a selection committee composed of experts in academic selection.

Scholarships are chosen by a selection committee composed of experts in academic selection. Recipients of other sponsored scholarships are chosen by special judging teams convened by the sponsors of those scholarships.

High school grades, recommendations by high school officials, leadership, citizenship and extra-curricular activities are considered as well as test scores.

Four-Year Award

Merit scholarships are four-year awards and carry stipends that range from \$100 to \$1500 a year. Each grant is individually determined on the basis of need.

The amount is based upon family resources, summer earnings and college costs, all of which are considered.

Most merit scholarships are accompanied by grants to the colleges. Each student chooses his college and course of study. Gaining admission to the college is the responsibility of the student.

The National Merit Scholarship Corp. was established in 1950 through grants from the Ford Foundation and the Carnegie Corporation of New York.

The current program is the sixth that has been conducted. There are 3132 merit scholars enrolled in 321 colleges in the current academic year, and 491 have been graduated.

The seventh program will begin in March when the National Merit Scholarship qualifying test will be given in participating high schools. More than 15,000 high schools participated in the 1960-61 program.

United Fund Aim: Central Headquarters for Agencies

Headquarters for house to 17 agencies was given an annual fund drive by the United Fund organization by newly-elected President Rev. Calvin Marcum in a talk before the Granite City Kiwanis Club Monday night at the Elks Club.

Rev. Marcum, pastor of the Nameoki Presbyterian Church, also cited other goals and advantages of the central location.

At present, agencies' offices are scattered throughout the Quad-Cities area and are contained in separate quarters, he said, and added that operating costs would be drastically reduced, making available more money if the agencies were combined under one roof.

A possible savings of nearly \$100,000 annually could be realized, he said.

That figure represents about one-third of total proceeds netted last fall, when 340 volunteers soliciting from business, industry, labor and door-to-door collected \$298,564.

Rev. Marcum said that more than 100 local people benefited from the United Fund, including the Boy and Girl Scouts, the Y, the Red Cross, the United Way, church charities and other agencies.

Book Suitable Location

Although he did not speculate as to when the central location would be sought, he mentioned that at present a suitable building was not available.

Six Madison Streets Designated Arterial

Six more thoroughfares within Madison city limits were designated as arterial streets Tuesday night by the city council, subject to state highway division approval.

The designation enables the city to share of motor fuel tax funds instead of from other funds.

Streets listed were McCambridge avenue from Edwardsville road to 14th street; McCambridge, from Collinsville avenue to Market street; Collinsville, from Washington avenue to McCambridge; Alton avenue, from Collinsville to Second street; Reynolds street to McCambridge; and Plum street, from Reynolds to McCambridge.

Also, a change was made in the arterial street number of Market street from McCambridge to Washington.

Eugene Fox Retires, In Coast Guard 22 Years

Eugene F. Fox, who has just retired from the U. S. Coast Guard at the age of 38 after 22 years' service, is entering business in Chicago, it was announced here this morning.

He will be joined there shortly by his wife, Mrs. Beth Fox, 121 Central avenue, Moline. His parents are Mr. and Mrs. James E. Fox, 2647 State street.

Mr. Fox was born in the European and Far East theaters in world war II. Fox received the Purple Heart during the invasion of Sicily and also holds the Bronze Star. His last service has been as a senior chief boatman's mate in charge of a Chicago lifeboat station.

He will serve as a plant manager with the Chicago Refining Co. A part-time teacher of skin-diving at a Chicago YMCA, he also will be part owner of a water sports equipment store.

Suffers Crushed Hand

Jerry Hilland, 20, of 2059 Cleveland blvd., received crushing injuries to his right hand, when it was caught beneath a machine at the Woehler Corp. at 7:45 p.m. Monday. He was treated at St. Elizabeth Hospital and released Wednesday.

Monthly Bridge Traffic Down 3rd Time Out of 26

Traffic over the McKinley Bridge in January showed a 2% decline from that of January 1960. It was only the third time since the city of Venice bought the bridge Nov. 21, 1958, that the total had been below that of the same month in the previous year.

January vehicle crossings totaled 318,063, or an average of 10,195 for each of the 31 days. A year ago, January traffic reached 322,358 for a 10,489 average.

Previous months in which a drop occurred were March and December of 1960. The other 23 months have shown increases.

Bridge Manager Henry McMullen attributes the December and January declines to adverse weather during parts of the two months.

Crossings numbered 70,309 in the first seven days of January, 77,154 on Jan. 8-14, 69,880 the following week, 68,941 on Jan. 22-28 and 26,679 on Jan. 29-31.

May Or June Completion

Traffic is expected to be expedited and attracted by completion of the remodeling program launched after the city's acquisition of the bridge. Originally scheduled for the fall of 1960, the completion date has been postponed to May or June due to bad weather, jurisdictional delays and other problems encountered in the million-dollar renovation program.

Work is being halted this week and supervisors are departing, since all the tasks that can be carried out before the return of warm weather have been accomplished. They will return about April 1, after which the bridge and two approaches are expected to be finished in six to eight weeks.

Engineer G. J. Gustafson and Mayor John E. Lee are meeting this week with representatives of the Whiting-Turner Contracting Co. of Baltimore and General Contracting Co. of Granite City on arrangements for the two-month suspension of activity.

Blanking has been completed except for a small section damaged by a railroad car. Pouring of more asphalt and painting are among the remaining projects, and the six-lane toll plaza on Main street has not yet been put into operating condition.

Budget Revision

With the bridge's fiscal year beginning Oct. 1 and ending Sept. 30, the halfway point will be reached at the end of March and it will be necessary to make new payments toward sinking funds and Series B bond issue interest, Mayor Lee has noted.

To ensure sufficient funds for operating costs and the half-year payments, \$10,000 is being deducted for March and another \$10,000 for April from the budgeted insurance and tax allocations.

Identical amounts will be added in the bridge budget for May and June to restore both funds to their full balance to meet later obligations.

Expense allowances on the bill list were \$20 for Alderman Robert Gaughan, \$50 for Civil Defense Director George W. Schumacher, \$50 for Assistant Fire Chief Curtis Donley, \$35 for three CD staff members to attend a Southern Illinois Civil Defense Association conference at Mt. Vernon on Jan. 29, and \$30 for Alderman Frank Veid.

GUEST SPEAKER, Dr. O. Walter Wagner of St. Louis, who will be the speaker at the annual World Day of Prayer service Feb. 17 at 7:30 p.m. at Niedringhaus Memorial Methodist Church.

Dr. Wagner to Speak For World Prayer Day

Dr. O. Walter Wagner, of St. Louis, has been secured as speaker for the annual World Day of Prayer service at 7:30 p.m. Feb. 17 at Niedringhaus Memorial Methodist Church, Delmar avenue and 21st street. Dr. Wagner has served on the staff of World Service of the United Church of Christ and also as executive director of the Metropolitan Church Federation of Greater St. Louis. He has traveled extensively in the Middle East, his most recent trip being to Africa where he visited Dr. Albert Schweitzer. His topic for the World Day of Prayer will be "Africa, Rough Road to Freedom."

The service is sponsored each year by the Quad-City Council of Church Women which is interdenominational and supported by the churches of the area. Mrs. Paul Surbey is president of the Council of Church Women.

MHS Students to Attend Language Festival

Foreign language students from Madison senior high school are among a group of students from the southwestern Illinois area who will participate in a foreign language festival on the Alton campus of Southern Illinois University on Saturday.

The festival is sponsored by the Deutschklub of SIU at Alton and will include presentations in French, German and Spanish. Other schools taking an active part in the program will be Marquette of Alton, Civic Memorial of Bethalto and Alton senior high school. All high schools in the area have been invited to the festival, which is open to the public.

Three Deutschklub students, including SIU student Virginia Niepert of 2011 Pershing avenue, will present a puppet show and six folkdances to original music. The puppet show will take its theme from the Faust legend formerly given at fairs.

The area language festival was inaugurated last year to emphasize the function of language as a bridge to understanding and peace among peoples, according to Dr. Ruth Kilchenmann, sponsor of the Deutschklub and president of the southern Illinois chapter of the American Association of Teachers of German.

Efforts To Revive Carver Child Fail

Jeanine Carver, 13-month-old daughter of Mr. and Mrs. Joseph Carver, 2539 Iowa street, was pronounced dead on arrival at St. Elizabeth Hospital at 10 p.m. Monday after efforts to revive the child failed.

A resuscitator squad from the main fire station had given emergency treatment at the home and in the ambulance enroute to the hospital.

The youngest daughter of the Carvers, she had been ill since Sunday evening. Until then, she had been in good health.

Death was believed caused by intestinal flu and a liver disorder. She was born in Granite City.

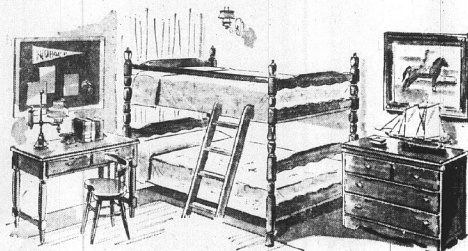

Surviving besides her parents are three sisters, Vickie Lynn, nine, Debra Mae, six, and Billie Brown, three; a brother, Perry, two; maternal grandparents, Mr. and Mrs. William Granger, and paternal grandparents, Mr. and Mrs. Felix Eaves, all of Granite City.

Funeral services were held yesterday at a Granite City funeral home, with burial at St. John's Cemetery. Arrangements are given in the obituary column.

Nick Schulas, 73 Dies At Home

Nick Schulas, 73, a Madison resident for 33 years, died Tuesday morning at his home, 1546 Fifth street. There are no known survivors.

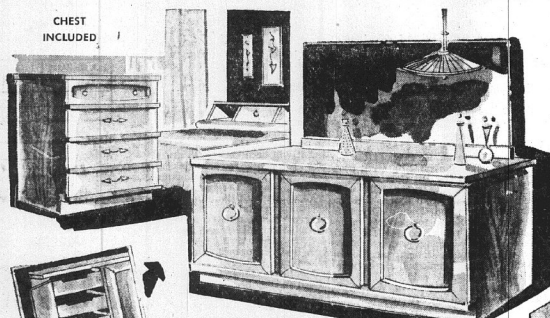

Schulas, a native of Greece, was a retired laborer, having worked at the old American Car & Foundry Co. plant in Madison. He retired about 10 years ago. Funeral services were held this afternoon at a Madison funeral home and interment was at St. John's Cemetery.

Levee Board Budget Hearing On Feb. 17

A public hearing on a 1981 budget appropriation ordinance for the East Side Levee and Sanitary District will be held at the levee board offices at 2642 McCasland avenue in East St. Louis at 10 a.m. Friday, Feb. 17, it was announced during a regular board meeting yesterday.

The board of trustees could adopt the ordinance immediately after the hearing, or wait until its next regular meeting. The ordinance was still in the interest of processing levee board business.

Duties Absent

His motion was adopted by a 3-1 vote, with Hennessey, John E. Molla and Lawrence Tolar, the majority which recognizes Tolar as the legal president, voting for the motion, and Costello casting the dissenting vote. George Duff, the fifth board member who has sided with Costello, did not attend the meeting.

A hearing on quo warranto proceedings filed against Costello by attorneys for Tolar, Molla and Hennessey is scheduled for next Friday in the court of East St. Louis Circuit Court Judge John Karmis Jr.

Reports Not Approved

Minutes of the regular meeting of Jan. 18, plus monthly reports from the levee district chief engineer, treasurer and finance committee, were read, and in each case Hennessey made motions to deny approval, "since they refer to Costello as president."

Hennessey's motions carried by the same 3-1 vote, with Costello voting for acceptance, and other members voting with Hennessey.

Hennessey, Tolar and Molla also raised a question on the study and possible revision of by-laws under which board business is conducted.

Venice Grade Drops 47-25 Tourney Game

Leading 17-14 at halftime Venice grade school cagers lost three regulars on fouls and bowed 47-25 to Southwestern last night at Hartford in the opening round of the Tri-Co Conference tourney.

is conducted. Levee Board Attorney Frank Plattner said present rules are in full force and effect until amended, and there followed a long controversy as to whether by-laws changes could be proposed and acted on at the same meeting.

A copy of present by-laws was produced, and a clause was found which states that proposed amendments to by-laws are to be submitted in writing, but cannot be acted upon until the following regular meeting after their introduction.

Even then, a by-laws revision must be approved by at least three board members and approved by the president.

Tolar introduced a by-laws revision resolution which, if adopted, would require the signatures of a majority of the board members, plus the levee district treasurer, on all checks and vouchers in payment for contracted work done for the district.

Tolar said that the revision would be a temporary one which would be in effect only so long as the matter of who is the legal president of the board remains in court.

For the first time since its reorganization, the board saw eye-to-eye on two measures which came to a vote. One was an ordinance calling for the construction of sewer improvements in the Rosemont and Washington Park areas in St. Clair county, the other an ordinance giving the Mississippi River Fuel Co. permission to cross levee district property in Madison county.

The ordinances were signed by all board members with the stipulation that none be designated as president. Costello said he voted in favor of the first ordinance "because I want to see those people in Rosemont get some sewers."

Levee Board Oks Advisory Vote On Abating Pollution

The East Side Levee and Sanitary District board of trustees took time out yesterday afternoon to pass a resolution requesting a referendum on pollution abatement be included among ballots for the April 4 justice election.

The referendum "would not be binding, and only calls for an expression of public opinion," Levee Board Attorney Frank Plattner explained.

The approval of county clerks in Madison and St. Clair counties and of election commissioners in East St. Louis and Venice would be obtained before the referendum can come to a vote on April 4.

The resolution, as drawn up and approved at yesterday's meeting, states: "Do you approve of the East Side Levee and Sanitary District acquiring by purchase or construction, and thereafter operating, improving or extending sewage treatment plants or other facilities owned by the issuance and sale of revenue bonds of the district payable solely from the revenue to be derived from the operation of the sewage system, through a sewer service charge?"

It had been amended only slightly from a ballot suggestion put forth by Douglas Morton of the state health department during a public meeting on pollution abatement within the district held last week.

Minor changes in phrasing were included after Plattner had contacted other agencies with powers similar to those of the levee district who were faced with the same situation.

Plattner said Wednesday that the possibilities of calling a special election on the matter are nil, and that inclusion of the proposition on April 4 ballots would be the earliest date possible to place the matter before the public.

The question of pollution abatement in this area of Illinois was the reason behind the special hearing last week when a referendum was suggested by the Sanitary Water Board as a means of preventing the issuing of court orders making institution of abatement plans mandatory.

Arrests Last Night

Venice police filed disorderly conduct charges at 9:25 p.m. Wednesday against George Smith Jr., 623 Mercedia street, Venice, and Harry Reynolds, 815 Webster street, West Madison. They were released with bonds to appear Saturday.

light blue 1960 model two-door sedan had been stolen off the parking lot at the National Food Store, 2329 Madison avenue.

The report was made by Mrs. Betty Powers, 3000 Idaho street, who said the car belonged to her brother, Kendall Hinner, 2210 Grand avenue, and she did not know the license number.

A patrol car was assigned to Ronald Pigg had been taken into custody for questioning and from him it was learned that a car had been taken in Granite City and abandoned "near the levee."

A patrol car was assigned to locate the car. The auto was found in the Chouteau Slough area, and while police were there, a car answering the description of the light blue auto stolen off the National Food Store lot went by and suddenly sped off.

Patrolman Fred Munton and Richard Bell took up the pursuit over Rock road, 22nd street and north on Benton street until Fehling road where Silver Pigg and the Wolford boy were captured after the auto spun around.

Police had earlier Tuesday evening received a report from Dr. K. J. Hillmer, 2900 Michigan avenue, local dentist, that his 1952 auto had been stolen between 7:20 and 8:30 p.m. The boys admitted taking both cars.

Chief of Detectives James R. Lowder said the series of auto thefts involved all three boys, who usually operated in pairs, taking the autos for "joy riding" and abandoning them either after running out of gas or getting stuck in the snow.

All of the autos were of the same make with the exception of the car in which Silver Pigg and Wolford were arrested. The driver had left the keys in it.

posed the award of the \$6000 sewer cleaning contract, said Granite City Steel Co. was responsible for "70% of the deterioration," and his figure was confirmed by City Engineer Al Pearce. Also opposed to the cleaning contract were Aldermen Partney, Paul Rutledge and Steve Basarich.

April 4 Election Problem
At the request of Township Supervisor Leonard Oram, the city is to reconsider its city voting precinct boundaries and the opening of city-township polling places for the county's justice of the peace-constable election, also to be held April 4. The council previously had rejected the idea of sharing the polling places.

However, Supervisor Oram, in a letter to the council, pointed out he has polling place equipment (ballot boxes and voting booths) for only 28 precincts—the number of county precincts in Granite City—and would not have enough to equip the city's 22 precincts.

"I am required by law," Oram said, "to set up 28 precincts and use all judges commissioned (who worked in the November election), and they have been contacted by the county clerk and are expected to work."

Discussing the problem Monday night, the council decided to meet as a committee-of-the-whole with the supervisor and work toward a solution.

One City Precinct Added
The city already has taken one step toward equalizing the city precincts with the county precincts and several weeks ago created an additional precinct in the Seventh Ward, increasing the city's number to 22, compared to 28 for the county. Additional precincts also are planned for the large Sixth Ward and changes in the Eighth Ward have been proposed.

Fearful of losing the recently created Eighth Ward because of population changes in the state law, the council has shied away from any major revisions in ward and precinct boundaries, which has caused confusion for many Granite Cityans who live in one city voting precinct and another precinct for county elections.

However, City Atty. William Beatty explained Monday night that minor ward line changes could be made without any difficulty, provided the city did not enter into a wholesale redistricting. "By that means," Beatty said, "the boundaries of city voting precincts could be made to coincide with county precinct lines in most instances."

County precinct lines can be changed only during June or July meetings of the county board of supervisors. Alderman Norm objected to sharing the city polling places with the county. "The city election is the big one. I question the legality of a city-county election in the same polling place."

He was advised by City Atty. Beatty that the double election would be proper if the city and county precinct boundaries coincide.

Ice Blamed For Crash On Edwards Street

Ice pavement in the 2400 block of Edwards street was blamed for an accident involving autos traveling in the opposite direction Tuesday evening.

William E. Hillman, 59, of 305 Kirkpatrick Homes, told police he was traveling east when his auto skidded on the ice into the opposite lane in which Edward J. Gonswa, 26, of 2812 East 25th street, was driving west. No injuries were reported.

M-Sgt. Albert Ulaniski And Family Visits Parents

M/Sgt. and Mrs. Albert Ulaniski and daughter are visiting his parents, Mr. and Mrs. Emil Ulaniski, 1614 Second street, Madison.

Sgt. Ulaniski, who has 21 years active duty in the Marine Corps, will leave for duty in Japan on Sunday.

His father is the first ward alderman of the Madison city council.

TRIO HOME BUREAU UNIT PLANS FOR SPRING

A monthly meeting of the Trio unit of the Madison County Home Bureau was held Tuesday afternoon at the home of Mrs. Beulah Miller on Rural Route One, with Mrs. Chas. Schilling, president of the unit, conducting the meeting.

After a dessert luncheon served by the hostess, a handkerchief exchange was held and also a white elephant exchange. Prayers were offered by Mrs. Katherine Roman, and a guest introduced was Mrs. Lynn Horton.

Mrs. Schilling reported that the unit is planning to attend a Lucille Cae cooking demonstration on April 20 in St. Louis. She requested that all who plan to attend obtain tickets from her or from Mrs. Jerry Short, Grant Williams will be master-of-ceremonies for the demonstration.

"Food Prizes" was the topic of the major lesson, with Mrs. Mary Knecht, assistant home advisor from Edwardsville. This was followed by a question-and-answer period. The minor lesson of "How to Remove Spots From Upholstery" was presented by Mrs. Roman, and Mrs. Florence Rapp spoke on "Rheumatic Fever and Heart Diseases."

A recent trip to Urbana to attend the annual state federation meeting was reported on by Mrs. Clara Schilling, who was the unit's representative at the annual meeting.

Other members attending Tuesday's meeting were Mrs. William Branding, Mrs. Mary Cochran, Mrs. Charles Guth, Mrs. Lorraine Hightlander, Mrs. Lawrence Markham, Mrs. John Moser, Mrs. Ervin Schaeffer, Mrs. Irma Buckner, Mrs. Algie Weiss, Mrs. Jerry Short, Mrs. Ruth Baer and Mrs. Lella Seelbach.

The next meeting will be held March 7 at the home of Mrs. Weiss, 3722 Nameoki road.

MRS. COOK HOSTESS TO DEMOCRATIC WOMEN

Mrs. Ruth Cook, entertained the Democratic Women in her home, 2809 Dale avenue, Monday evening, Mrs. Lorraine Isbrecht, president, conducted the meeting.

A discussion was held on the county meeting to be held at the Elks club on Feb. 21. Mrs. Isbrecht and Mrs. Julia Lancaster were named co-chairmen of the meeting.

A report was made by Mrs. Lois Weeks on her trip to Washington, D. C., last month to attend the inauguration of President Kennedy.

The business meeting, games were played, with prizes awarded to Mrs. Virginia Cox, Mrs. Lancaster and Mrs. Rhea Grove.

Relief Cases, Costs Up In GC Township

Relief assistance increased in Granite City township during January with a total cost of \$3624, as compared to \$4754 in December. It was learned this week from the office of Supervisor Leonard Oram.

The cost for January boosts the total for the current fiscal year, which ends Feb. 28, to \$40,592. At the end of the same 11-month period in 1960, the total cost was \$47,590.

In January there were 83 cases, an increase from 76 in December, and the number of individuals receiving assistance last month was 293, a drop from the 300 persons aided in December.

It was explained a number of larger families went off relief in January after the Union Starch & Refining Co. strike ended.

In January 1960, there were 54 cases with 178 persons and a cost of \$3825.

Snow Cancels Meeting Of GC Housing Board

Tuesday's snowstorm canceled the meeting of the Granite City Housing Authority as several members notified Executive Director David Morgan they would be unable to attend. The chairman, Robert Gibson, was out of town.

The meeting has been rescheduled for next Monday evening. The five-member board meets on the first Tuesday of each month and is currently Administration officials for de-surveying with Federal Housing development of a 100-unit housing project for the elderly. The location is to be on a tract of ground on the Uddell Biscoff farm at the north end of Edwards street.

Loses Driver's License

Sharon Jackson, 1913 St. Clair avenue, reported to Granite City police on Monday that she had lost her driver's license.

Council Planning To Install Sidewalk Along Johnson Road

Construction of a sidewalk along Johnson road from Franklin grade school to Franklin avenue was recommended during Monday night's council session by Alderman Emerald Dawes.

The city engineer is to prepare plans and cost estimates. Location of the sidewalk was not specified, and Mayor Davis suggested the recently completed school safety study be taken under consideration. He pointed out the survey calls for elimination of many Johnson road school crossings by construction of a sidewalk along the north side of Johnson road with a single crossing point in front of the school to be controlled by adult guards or a signal light.

Dawes stressed that pupils walking east from the school have no sidewalk after leaving school property and must walk in the street, creating considerable hazards. He suggested the work be carried out under the next city budget.

Sixth Ward Alderman Samuel Shackelford requested further time for study to determine if a majority of residents want the fence and to make certain it would not work a hardship on the shopping center. His companion alderman, Casner Skubish, was absent.

Shackelford said the petition for the first notice of the request. However, Eighth

Nemeth Says He Is Still Living At 1808 Omaha St.

The question was put to Frank Nemeth during Monday night's Granite City council session.

"Are you Mr. Nemeth or Alderman Nemeth?"

It was asked by Alderman Donald Partney.

Nemeth replied that he has his resignation prepared and would submit it as soon as he pays. There's a question on the way. The alderman is maintaining his residence at 1808 Omaha street in the First Ward, and on Saratoga avenue in the Sixth Ward.

Nemeth said he wanted to know whether "it's Alderman or Mr. Nemeth. He's here and we have a motion to hold up his legality of his vote and we should settle it now."

The question was put to Nemeth late in the meeting, about 10:30 p.m., after he had been voting on numerous ordinances and other business.

His reply did not satisfy Alderman Arthur Wierzer, who had challenged Nemeth's holding the First Ward office during a council session two weeks ago.

"Do you sleep there?" Wierzer asked.

Nemeth replied, "There are times I sleep there. I was there over the weekend with my son building a bobbed in the garage. I still have lights and water and I'm paying rent."

Several solons recalled they had been told in November by Nemeth that he planned to resign the council by last Dec. 15.

"I'm ready to condemn the man for taking six months to move," Alderman Steve Basarich commented.

"I'm not in a hurry," was Nemeth's reply.

GC Rotary Views Europe Slides By Mrs. Droegge

Photographic slides of a European tour by Dr. and Mrs. Edward H. Droegge in the summer and fall of 1960 were shown to Granite City Rotarians Tuesday by Mrs. Droegge, who spoke as the slides were being exhibited.

The trip included Spain, Portugal, Holland, Luxembourg, Belgium and the Bavarian Alps in Germany. Mrs. Droegge was introduced by City Clerk A. L. Stevens, program chairman. The group met in the YMCA auditorium.

Plans were completed for a "sweetheart party" to be held by the Rotary club for members and their wives at noon next Tuesday, Feb. 14, at the Rose Bowl restaurant. James Louis is serving as committee chairman for the party, which will mark Valentine's Day.

Schools Seeking Bids

Bids are being sought by the Granite City school district on small equipment for school cafeterias, appliances, a downspout, electrical work and athletic equipment. The bid deadline is 4:30 p.m. next Tuesday, Feb. 14.

Ward Alderman Emerald Dawes, who operates a barber shop in the center, explained the fence had been planned but not carried out. He said the residents are complaining of debris from the shopping center blowing into their yards.

Zoning Change Approved

Approved by council members was the disputed rezoning of about six lots in the 1400 block of Iowa street from R-3 residential to M-1 light industry for a new auto body repair shop. Residents of the area have appeared at four council sessions to oppose the change. However, it was approved by a vote of 10-5 after having been on first reading for several weeks.

The zone change had been approved by the City Plan Commission who advised the city that no objections had been raised. Residents of the area at the Rose Bowl restaurant said they had not noted the hearing notice advertisement and were unfamiliar with the office and the price for each ticket would be \$3.50.

Four Persons Hurt In Separate Mishaps

Four persons were treated for minor injuries at St. Elizabeth Hospital Monday and Tuesday.

Mrs. Hazel Runk, 61, of 2427 Washington avenue, was treated for injuries to her right arm after she had fallen down stairs at her home Monday. X-rays disclosed no broken bones, but her arm was put in a sling.

Another ordinance was adopted giving approval for a hydrogen reduction plant to be installed at the Acetylene plant of Air Products Co., 1525 Madison avenue. The city approval is subject to final acceptance by the state fire marshal's office.

An invitation was received by the council from the Quad-Cities Business & Professional Women's Club to attend a public hearing dinner meeting April 19. Residents of the area at the Rose Bowl restaurant said they had not noted the hearing notice advertisement and were unfamiliar with the office and the price for each ticket would be \$3.50.

She received the degree of bachelor of philosophy during mid-year commencement exercises of the university.

Auto-Truck Accident
A Granite City post office truck operated by Ronald J. Wadlow, 26, of 2823 Victory drive, and an auto driven by James W. Griffey, 25, of 2604 East 25th street, were involved in an accident Wednesday morning at Edwards and Henry streets. Police said the truck was being operated south on Henry street while the auto was traveling east on Edwards street. No injuries were reported.

GC Man In Custody At Sangamon Jail

(Special from Springfield)
A Granite City man, Larry A. Kahle, 27, is in custody at the Sangamon county jail, Springfield, on charges of burglary and possession of a dangerous drug.

Sheriff Hugh Campbell said Kahle was arrested Monday night at the home of Mr. and Mrs. Donald Becker at Divernon and admitted he had gathered up household items, appliances, clothing and jewelry which the Beckers found on the floor when they arrived home.

Sheriff Campbell said Kahle attempted to flee the house by crashing through the front door glass but was taken into custody by a Divernon police officer who had been summoned by the Beckers.

Firemen Check Faulty Motor

Granite City firemen were called to the home of Dr. Stanley Maer, 1204 Twenty-seventh street, at 4:40 a. m. today to check a faulty furnace blower motor which was emitting smoke. About \$50 damage was estimated.

Field Justice of the Peace James R. McAlexander Tuesday waived a preliminary hearing on the burglary count. He pleaded guilty to the drug possession charge and was fined a total of \$115 in addition to being sentenced to the county jail for 30 days.

Police said a bottle of pills was found on his person, and Kahle told them he was en route to Mexico. He said he was unemployed, but a month ago had worked at his father's hardware store in Granite City. He gave a local address in the 2700 block of Iowa street.

Man In Double Shooting Case Fined In Venice

One of the participants in a double shooting Jan. 8 was returned to Venice from the county jail and fined \$180 yesterday at a hearing before Police Magistrate Wesley Edwards.

James E. Wright, 35, of 1136a Lehigh street, Venice, was assessed \$100 and costs on discharging firearms in the city limits, \$25 and costs on carrying a concealed 22-caliber pistol, \$15 and costs on disorderly conduct and \$10 and costs on peace disturbance.

His forehead had been "cracked" by a bullet that put a hole through his hat. Otha Alford, 48, Eagle Park, wounded in the abdomen and leg during the exchange in the 100 block of Slough road, has been released after hospital treatment but remains in ill health, police said. No charges have been filed.

Gas Tank Siphoned

Mrs. Robert Tritschuh, 2501 Sheridan avenue, reported to Granite City police Wednesday that about 12 gallons of gas had been siphoned from the tank of the family auto Tuesday night while the car was in the garage at the Tritschuh home. She said the garage was unlocked.

Bowling Ball Stolen
Thief of a bowling ball from the parked auto of Frank Vranec, 32, of 1848 Edwardsville road at Eighth street and Alton avenue, Madison, was reported Monday evening. It apparently occurred between 7:30 and 8:30 p. m. Also taken was a red pail bowling bag.

Investigate Brass Theft
Between 50 and 75 railroad "journals" made of brass were stolen Tuesday night at the Purday Co. in Venice. An investigation is underway.

Hubcap Theft

A man wearing a light tan jacket and driving a white automobile was seen leaving the area where Robert McMichael's car was parked about 12:25 a. m. Tuesday. McMichael, who lives at 2162 State street, told police two hubcaps were stolen off his 1959 station wagon while it was parked at his home. The white auto was seen to leave going west on 21st street. It was not located by police.

Two Hubcaps Stolen
Two spinner-type hubcaps were stolen Tuesday night off the 1955 auto of Walter Lewis, 4104 Kirkpatrick Homes. Lewis told police the theft occurred while the car was parked in the 4100 block at the housing project.

Nameoki Township Relief Cases Down In January

A decline in relief assistance during January was reported this week for Nameoki township by the office of Supervisor Harry Briggs. However, relief costs were up sharply as a number of long-standing medical and hospital bills were paid.

During January, there were 71 cases with 273 persons and a cost of \$924, as compared to the December statistics of 77 cases with 231 individuals and a cost of \$7815.

In January 1960, there were 57 relief cases in the township with 226 persons and costs of \$4295.

VONDEE CRUSE
FOR ASSESSOR

Johann Kraus, 83, GC Resident 53 Years, Dies

Johann Kraus, 83, of 1651 Poplar street died of infirmities at 8:30 p.m. Monday at Mathe Nursing Home, Altoon, where he had been a patient for six days.

A Hungarian immigrant, he had resided in Granite City for 53 years and was a member of St. Joseph's Catholic Church. His wife, Elizabeth, died in 1950.

Surviving are three daughters: Miss Theresa Kraus, Granite City; Mrs. Arthur (Rose) Greef, Madison; and Mrs. Mark (Made lyn) Chandra, St. Louis; three sons, Stephen and Paul Kraus, Granite City, and John Kraus, Foley, Ala.; 11 grandchildren and two great-grandchildren.

Services were held at 9 a.m. today at St. Joseph's Church, with burial at Calvary Cemetery. Arrangements are given in the obituary column.

Opposition Expressed

Pontoon-Stearns Ave. Location Proposed For New Nameoki Area Fire Station

Proposed location of a new fire station at Pontoon road and Stearns avenue to serve the Nameoki area was submitted to the Granite City council for consideration Monday night by Alderman Estill Von Schmittou, chairman of the Fire and Water committee, but not without opposition.

Schmittou said the 138x242-foot tract on which a house presently is located, had been offered to the city at an attractive price that he did not disclose.

The chairman called upon Alderman Frank Vesce for further explanation and then left the meeting.

Alderman Charles Meyer, member of the committee, told council members the decision should not be made until a report is received from the Board of Fire Underwriters.

"The fire chief tells me," Meyer said, "that the underwriters have suggested a location along St. Clair avenue as the most desirable location to provide quick and adequate protection for the frame homes in the Community Heights area. Most of the houses in the Pontoon road area are brick and more fireproof than those in the other area."

Meyer suggested the report be obtained as quickly as possible and Mayor Davis said the official analysis is expected "any time now."

No action was taken on Schmittou's report.

Further Growth Planned Vesce pointed out that plans are in the making for a 250-home subdivision to be developed soon in the "White Swan" area and annexation would be requested.

"With the growth of the city in that direction, the location on Pontoon road would be the hub of the Nameoki area. A time study showed it to be one to 1 1/2 minutes from all sections of the Nameoki area," Vesce said.

The city is considering abandonment of the present Nameoki area fire house which is located on Nameoki road in the old Nameoki city hall building.

Alderman Emerald Davies, C. Willis, and agreed to pay medical expenses incurred by a city street department employee, William Fricke, who was hurt during a December snow storm when his car struck a curb on Pontoon road and he was knocked unconscious.

Alderman Paul Rutledge, chairman of the Finance committee, reported that bills totaling \$840 have been incurred and he suggested the city pay those not covered by hospitalization. The bills are to be referred to the city attorney before payment.

R. D. Hubbard Completes Army Course

Army Recruit Roy D. Hubbard, son of Mrs. Leona Hubbard, 502 Filmore avenue, Venice, completed the eight-week communications center operation course recently at The Southeastern Signal School, Fort Gordon, Ga.

Hubbard was trained to receive, process and relay messages by various means of communication.

The 17-year-old soldier entered the Army last August and received basic training at Ft. Leonard Wood, Mo.

He attended Venice high school.

Speeding Ticket

A charge of speeding was placed against John R. Clemons, 22, of 2038 Sherman street, who was issued an arrest ticket on Nameoki road Monday afternoon by Granite City police.

1114 Are Given Chest X-Rays At High School

An x-ray program conducted at Granite City high school through Monday afternoon resulted in chest x-rays being taken of 1114 students, parents and school employees. The x-rays were given Feb. 1, 2 and 6.

With the Feb. 3 schedule canceled due to a snowfall that closed the school.

Parents participating were those whose children had shown a positive reaction to tuberculin tests given last month. The program was conducted by the school district nursing staff, local physicians and the Madison county sanatorium.

Coolidge Honor Student

Ruth Barney, a ninth grade student, was among those qualifying for the fall semester honor roll. It was reported this week at Coolidge junior high school.

Plans For Madison City Project To Five Firms

Plans and specifications have been obtained by G. H. Sternberg and Co. General Contracting, Tom Studebaker Construction, M. H. Wolfe and Co. and Fremont Construction, all of Granite City, for additions and alterations to the Madison city hall and adjacent fire hall.

Bids are to be opened by the city of Madison at 2 p.m. Feb. 21 on the project, which is to include relocation of the police and fire departments and city offices.

No Holiday Observance Scheduled For Monday

Since Lincoln's birthday falls on Sunday this year, no holiday observance is slated for Monday in the Quad-Cities area.

Public and parochial schools will be in regular session, and business places, financial institutions, municipal offices and post offices will be open in Granite City, Madison and Venice.

Feb. 12 is regarded a legal holiday only when it falls on a weekday.

Firecracker Complaint

Granite City police were called to the 2700 block of Saratoga avenue Monday afternoon on a complaint that boys were shooting firecrackers. The boys' parents were contacted by police and advised that firecrackers are prohibited.

Consult

Chuck Gauen

about this question:

"The heavy snow and ice last winter caused many roofs to sag or collapse; rain gutters to tear down. Does a Homeowners Policy, which includes theft and liability, also cover such snow damage and collapse?"

Real Estate Course To Start; Exams In March

A course in "Fundamentals of Real Estate" will be offered by the Division of University Extension, University of Illinois, at East St. Louis high school starting at 7 p.m. Thursday, Feb. 20. There will be 12 weekly two-hour class meetings and the fee is \$18 a person.

The course is designed to fulfill 24 hours of credit towards the State of Illinois brokerage license requirements. Professor Paul T. Kinney, assistant professor of finance at the university, will be the instructor.

The state has announced a March 6 license application deadline for real estate brokers and salesmen, with examinations March 20 at Springfield and March 21-23 at Chicago.

Discussion topics at the university course will include the nature of real estate, how it plays its role in our civilization, how it gets its value, the establishment of a brokerage office, how to list property for sale, how to develop subdivisions, how to secure prospects, financing real estate sales, how to advertise and laws governing sale of real estate.

The course is designed for the beginner but is practical for the individual experienced in real estate sales or office procedure. Those interested in registering or in obtaining further information may contact Fred W. Steuermann, University of Illinois Field representative, 1215 Goldman Building, East St. Louis.

Other state filing deadlines announced are Feb. 13 in Chicago and March 6 in Springfield for registered professional nurse and March 10 for funeral director licenses.

Springfield and Chicago examination dates, in that order, will be March 27-30 and March 6-15 for beauty culture, and March 16-17 for registered professional nurses and March 27-30 for funeral director and embalmer appointments.

The school stop is to be placed on Marshall avenue at Victory drive.

SIU Class Next Week For Area Clarinetists

Southern Illinois University has secured Reginald Kell, noted clarinetist, to conduct a master class and general clinic for clarinetists on the Alton campus Feb. 15 and 16. The master class will be open to the student chosen as the outstanding clarinetist in each of the secondary schools in the area.

The general clinic will be open to all junior and senior high school clarinetists and other interested musicians. C. Dale Fierstad, director of bands for St. Louis, St. Charles and other schools in the area, has announced. On Feb. 16, Kell will conduct the University Band's winter concert.

At the age of 25, Kell became the youngest professor in the history of the Royal Academy of Music; at 33 he was elected a fellow of the academy. He has been principal clarinetist with the Royal Philharmonic, London Symphony, Royal Opera Orchestra, Convent Garden and other leading orchestras, including the Toscanini International Orchestra at Lucerne.

He was appointed adjudicator of the International Festival in Vienna, 1938 and conducted an orchestra with recordings at the time of Toscanini's second of the Toscanini recordings in New York. England, Kell came to the United States in 1948, and has appeared as soloist in every state except Hawaii, and in all the provinces of Canada. He was Benny Goodman's teacher for six years.

Venice Schools May Buy Snow Removal Equipment

Heavy snows this winter have prompted the Venice school board to consider purchasing some type of mechanical snow removal equipment which might also be used with other attachments during summer months.

At a school board meeting Monday night, members authorized the superintendent to investigate the cost of a small tractor or a four-wheel-drive vehicle, and a balance of \$634 in the revolving fund. Miscellaneous receipts of \$28 were turned over to the township school treasurer for deposit in the educational fund, and \$26 in miscellaneous receipts will be deposited in the building fund.

Public Address System. A pier said one bid has been received on installation of new public address equipment in the Venice grade school gym, and that two other offers are expected this month.

Permit to use the Venice grade school gym on Friday was granted the Venice Crippled Children's Association, which plans a benefit basketball game to St. Mark's parochial school Feb. 19 for a basketball team.

The Civic Improvement Committee was granted the use of the student lounge for a meeting on Sunday, Feb. 26.

The superintendent's monthly report showed an average daily attendance in the Venice school system of 87% during January.

Teacher Scholarship Award To Miss Stimac

Miss Patricia Stimac, a June 1960 graduate of Granite City high school, is one of two Madison County students who have been awarded state teacher education scholarships. It was announced today. The other is Miss Barbara Bohannon of Alton.

Miss Stimac is the daughter of Mr. and Mrs. Rudy Stimac, 1230 Grand avenue, Madison. State Superintendent G. T. Willis said the scholarship entitles candidates to enter teacher training at five state universities—Illinois State Normal, Normal; Northern Illinois, DeKalb; Southern Illinois; Eastern Illinois; and Charleston and Western Illinois University, Macomb.

He said the scholarships supplement the initial list for Madison county and were made possible by a transfer of unused quotas assigned to other counties.

A candidate for a scholarship must have graduated in the upper half of the class and is entitled to instruction, matriculation, graduation, tuition and activity fees in the teacher education program.

Motorist In Accident Gives Detailed Report

A motorist who had difficulty pulling away from a stop sign told police he got his car started and then could not stop it. In time to avoid an accident at 23rd and Iowa streets.

The driver was Dale L. Heier, 20, of Collinsville, who was traveling west on 23rd street. The other car was being operated south on Iowa street by Norma L. Gardner, 29, of 2928 Willow avenue.

Police said there was damage to the left side and front of the Gardner car and to the front of Heier's auto. No injuries were listed.

WASSEF YOUSSEF WASSEF OF Cairo, Egypt, who will be the guest speaker of the annual Southern Illinois Brotherhood Week dinner Feb. 19 in Belleville.

Wassef, who will be the guest speaker of the annual Southern Illinois Brotherhood Week dinner Feb. 19 in Belleville, will be the guest speaker at the annual Southern Illinois Brotherhood dinner to be held at Belleville's restaurant, Belleville, at 5 p.m. on Sunday, Feb. 19.

Wassef, who at one time resided in Granite City while attending college, will discuss the basic factors involved in the problems of understanding between acceptance of persons of differing backgrounds.

He is a member of the Coptic Church, a Christian group organized shortly after the time of Jesus which has a membership of some three million persons.

The speaker holds masters degrees in social work and psychology, and is presently working toward a doctor of philosophy degree in social philosophy. Brotherhood Week is sponsored by the National Conference of Christians and Jews as a means of highlighting its year-round activities in schools, colleges, churches, labor-management and civic groups.

Reservations for the dinner meeting may be made by contacting Gravelle or by writing Mrs. Dora Burner, regional director, NCCJ, 213 Broadview Hotel, East St. Louis.

On Central Honor Roll

Keith Campbell is among the seventh grade students qualifying for the fall semester honor roll at Central junior high school. It was announced this week. He received an A and four B grades.

Excavation Permit

Permission was given Southwestern Bell Telephone Co. to excavate at 20th and State streets to push a 40-foot, long, three-inch diameter pipe across 20th street and to continue it north along State street for a distance of 50 feet to an existing manhole. The permit was approved Monday night by Granite City council members.
